WELCOME

Commissioner's Corner

Summer is going by quickly, but at the Justice Park District we have not let a moment go to waste. In fact, it has been an exciting time at the Justice Park District.

We worked aggressively to make good on the commitments to the community we all love. Our new playground, with new swings, slides and amenities for young parents with strollers at Commissioner's Park was dedicated in June and has been busy ever since! Whether it is children playing or parents socializing at the new tables next to the park, we are thrilled that it is bringing the community out to enjoy summer days. If you do come out, make sure to stop by and enjoy the park and concessions!

We continue to look at budget conscious improvements to the park and our programming. Our excellent staff and my colleagues on the Board are always looking across the region for programming that will build upon our community being a great place to live, work and play!

We also look ahead. Fall is always a favorite time year and the dedicated staff of the Justice Park District is busy planning for some great events. From our expanded Fall Craft Show to a visit with Santa and our always popular Halloween programming, there is something for all age groups to enjoy.

We love new ideas. Our community is diverse, and we definitely see the park as a welcoming place. I personally encourage you, if you are new to the community, stop by the park district office and check out what we are doing. The best is yet to come!
